

DELTA REGION SCCA

PRESENTS

2st Annual Christmas Classic

Delta Region and Cenla Region are teaming up again for a special double-event weekend. The idea is to combine your best times from two separate courses for an overall class trophy, like the Solo Nationals in Topeka. Our courses are just a little farther apart.

Delta's Solo is on Saturday, December 6th at Zephyr's Stadium, which we call the East Course. Cenla's Solo is on Sunday, December 7th at EVOC, and is called the West Course.

Driver's attending both days (competing in the same class) will have their times combined for an overall class trophy.

Location: Zephyr's Stadium, Metairie, LA

Date: Saturday, December 6th, 2007.

Pre-Registration: recommended at <http://www.dlbracing.com>

Concession will be open all day. Hamburgers, Hot dogs, chips, water and soft drinks are available.

Saturday Autocross Schedule:

- 8:00am-9:00am: Registration and Tech
- 9:15am-9:30am: Driver's Meeting
- 10:00am: First Car Out

Saturday Autocross Entry Fee:

- SCCA Members: \$25
- Non-SCCA Members: \$30
- Spectators: free

For Cenla's event schedule, check <http://www.cenla-scca.org> for the latest information.

What is Autocross? Autocross is a form of motorsports that emphasizes safe, low-cost competition and active participation. An autocross is a timed competition where drivers navigate one at a time through a temporary course marked by traffic cones, rather than racing on a track with multiple other cars, as in road racing or oval racing. Autocross tends to place more emphasis on car handling and driver skill than on sheer horsepower, and events typically have many classes which allow almost any vehicle, from economy sedans to purpose-built vehicles, to compete. Speeds are slower in absolute terms when compared to other forms of motorsports, usually not exceeding highway speeds, but the activity level is high due to a large number of elements packed into each course. Autocross courses are typically 40 to 70 seconds in length. Autocrossing is a good way to learn skills that transfer to road racing, as drivers learn vehicle control in a safe, controlled, and competitive environment.

Upcoming Events:

Tue, December 16: Delta Membership Meeting
